officeport.com • 773-207-0807

OfficePort is a minority-owned small business and SAM.gov-registered supplier of desktop barcode scanners, kiosks, and practical hardware for schools, healthcare, retail, and government offices. We supply GSA IT hardware prime contractors and resellers in volume, and respond to open-market and simplified-acquisition requirements with fast, formal RFQ quotes.

CORE COMPETENCIES

- Wholesale & contract supply of desktop USB barcode scanners
- Bulk fulfillment in lots of 50 / 100 / 300+ units; blanket POs
- Supply to GSA IT hardware prime contractors & resellers
- Open-market & simplified-acquisition sourcing (sub-SAT buys)
- Kiosks and related school, office & healthcare hardware
- Compliance-transparent sourcing: origin, datasheet & CoO on file

FLAGSHIP PRODUCT — SCANALIST HANDS-FREE 1D/2D QR BARCODE SCANNER (V2)

Desktop omnidirectional, hands-free, auto-sensing scanner built for high-volume check-in and inventory. Reads 1D, 2D and QR codes at 200 scans/min, down to 5 mil, from paper, cards, and phone screens. USB plug-and-play keyboard-wedge — no drivers — with USB, RS-232 and TTL-232 interfaces; works on Windows, Mac and Chromebook. 1-year warranty.

Lot of 50	Lot of 100	Lot of 300
$69 / unit	$66 / unit · save $3	$63 / unit · save $6

Unit cost to contractor; excludes freight/taxes. Volume beyond 300 units and blanket POs quoted individually. Net terms available to qualified primes on approved credit.

CONTRACT & COMPLIANCE FIT

Country of origin: China — not TAA-compliant. We state this up front so your compliance team can route it correctly.

- Well-suited to: open-market/commercial purchases, micro-purchases and many simplified acquisitions where TAA does not attach, and Buy American Act buys (subject to price-preference evaluation).
- Not for: GSA Schedule/MAS orders or GWACs (SEWP, CIO-CS) and any TAA-restricted line item (FAR 52.225-5).
- Section 889: general-purpose USB scanner — not a covered telecom/video-surveillance product; component attestation available on request.

Final TAA / BAA / Section 889 determinations rest with the contracting officer and the buyer's compliance team.
